

PALMETTO DRIVE

This is an aerial site plan for a resort development. The plan shows a central area with several large, interconnected buildings, likely a hotel or resort complex. To the right of this central area is a large, irregularly shaped blue pond or lake, surrounded by a winding path and numerous trees. Below the central buildings, there are several smaller, rectangular buildings, possibly guest cottages or villas. The entire site is landscaped with various types of trees and green spaces. A road labeled 'PALMETTO DRIVE' runs along the top edge of the plan. In the bottom right corner, a specific building is labeled 'THE BOARDWALK INN'. The text 'FUTURE DEVELOPMENT' is overlaid on the left side of the plan, indicating areas that are planned but not yet built.

FUTURE  
DEVELOPMENT

THE BOARDWALK INN
